

RALEIGH FOR DEMOCRACY.

THE SECOND WARD WILL ORGANIZE TO-NIGHT.

Let Every White Man in The Ward Be Present—Stronach's Warehouse Is The Place.

In the past the Radicals have relied upon the Second ward to carry the city for them, and have usually gotten from 200 to 300 majority in it. There are in that ward many of the staunchest of the staunch Democrats, and they will contest every foot of ground with the Radicals in that ward.

To that end a meeting is called to be held To-Night at Stronach's Warehouse where a Second Ward Democratic Club will be organized.

Every white man in the ward is cordially requested to be present and take part in the proceedings, and lend his presence and aid toward making it a grand success.

The meeting will be called to order promptly at 8 o'clock.

Let every man in the ward come who is opposed

1. To Negro Rule;
2. To Boss Rule;
3. To the Force Bill;
4. To Negro Policemen in Raleigh;
5. To the Force Bill and Troops at the Polls;
6. To higher prices upon the necessities of life;
7. To the policy of Hate and Sectionalism pursued by the Radical party in Congress.

Let all these men—and it ought to embrace every white man who resides in the second ward—come to this meeting and help perfect an organization that will make the second ward—or the white portion of it—solid for Democratic rule and Democratic nominees.

ALL EYES ARE UPON US.

The Democrats all over the State are deeply interested in the contest in Wake county. And so are the Radicals. Democrats in the State have long felt that the white men in Wake were not as true to their duty as they ought to be and as the white men in all the other Eastern counties are and have always been. They have declared that Wake ought to do better politically or it ought to expect less at the hands of the Democratic party. They say and say truly that if the Wake Democrats worked as hard as the Democrats in Franklin, Wilson and Cumberland—(three of our banner counties)—there would never be any trouble about electing the entire Democratic ticket. The Radicals in the State look to UPCHURCH as their Moses, and their leader in the Fourth District.

Fellow citizens of Wake—white men who love your firesides and your families—white men who believe in Democracy—will you longer allow the corrupt Radical crew to boss Wake county and keep it in the Radical column? That is a PERSONAL question and it comes home to every man.

Wake can be redeemed. It rests upon the white citizens of Raleigh. The country people will do their duty. Shall we in Raleigh by apathy and indifference allow the Radicals to continue in control of the court house which they make a resort for sorry fellows and Radical manipulations.

BE TRUE TO YOUR RACE.

The negroes and white Radicals have held a meeting and decided to draw the color line. They agreed to vote for MEACHAM and all the other Radicals, and to stand squarely by the Radical ticket. The negroes have already drawn the color line, and now if any white man votes for a Radical in this election he is an enemy to his race and ought FOREVER to be so regarded.

HOPING FOR WAKE.

A prominent Democrat in Wilkes county writes in a private letter: "Glad to see so much interest and determination being displayed in your county and town this time and hope your efforts may be rewarded by a glorious victory in November."

Supreme Court.

Proceedings on yesterday: Reizenstein vs. Hahn; argued by Simmons and Manly for plaintiff, and W. W. Clark and Green & Stevenson for defendant.

Floyd vs. Thomas; Navigation Co. vs. Emory; Devereux vs. McMahan; Grubb vs. Insurance Co.; Browne vs. Railroad; Grant vs. Railroad; Harrell vs. Wilson; Sprague vs. White; Deloatch vs. Vinson; Watson vs. Mitchell; continued.

Hornthal vs. Steamboat Co., and Godwin vs. Watford; submitted on printed brief.

North State Music Company.

Attention is called to the North State Music Company's "ad" in to-day's paper. We are sure that all the exhibits at the fair next week will be worthy of special notice, and this old established firm is in particular. They have certainly as fine a line of goods as any house in the country and they certainly make prices an inducement.

There is certainly no reason why any Carolinian should buy an instrument from any one else as long as this firm does business in our State, and we hope for them a continuance of their success at the past Raleigh fairs. Moral—Buy at home and save money, besides help build up a State institution.

REGISTER.

There are only twelve days, exclusive of Sundays, now before Registration closes. Let every Democrat register and see that his neighbor does likewise.

COMING AND GOING.

Some of The Folks You Know and Their Doings.

Mr. R. T. Gray went up west yesterday.

Z. V. Walzer, Esq., of Davidson, is in the city.

Mr. L. C. Bagwell has gone north on a business trip.

Mr. Z. V. Walzer, of Lexington, was here yesterday.

Mr. J. M. Dodd of Clayton was in town yesterday.

Mr. Washington Duke, of Durham, spent yesterday here.

Maj. R. S. Tucker has returned from the Eastern part of the State.

Mr. Geo. Heck who has been here on a visit returned yesterday to Asheville.

Mr. L. M. Warlick, of Milton, has been appointed a notary public by the Governor.

Mr. W. F. Daly, business manager of the Progressive Farmer, went down to Kinston yesterday.

Maj. E. G. Harrell returned yesterday from New York. He came back through Eastern Carolina where he made some stops, and he says that everybody is coming to the fair.

Maj. S. M. Finger, Superintendent of Schools, went to Monroe yesterday to speak at a Teachers' Institute. We hear that the circus will show in Monroe the same day. We advised the Major to invite S. S. Prentiss and try to divide time with the showman. No man can successfully run against a circus.

Gen. W. R. Cox went down the country yesterday. He will soon enter the campaign with vigor. General Cox is a sterling Democrat—one of the kind who shows no compromise to Radicalism and allows them no quarter. They are the only kind who are worthy of being the followers of "Old Hickory."

Mr. John M. Wilson, of Wilson's Mills, is in the city. He has been farming fifty-two years and this year has made the best crop he ever made. He says that this is generally true of the crops in this county. One of his tenants, who has a one-horse crop, has already picked out nineteen bales and will pick out eight bales more. All this is made on twenty-seven acres of land. This is a bale to the acre. Mr. Wilson has sixteen acres himself upon which he will make thirty-two bales.

THERE WAS NO FIRE.

A Disappointed Citizen's Opinion About the People Who Run When the Fire Bell Rings.

There are some people in this town who are getting hungry to see a good big fire. They don't want anybody to suffer any serious loss, but when the fire bell rings and they run "as hard as they can tear" for a dozen blocks to find that the fire department has gotten there and put out the fire, a sneaking kind of disappointment mixed with a little aggravation creeps over them.

These folks have been bolting out when fire alarms were given for about two years now, but no fire. They will not learn from experience, however, but keep on bolting and running like wild every time, hoping they will see it this time.

This kind of thing proved too much for one man yesterday. The fire alarm rang out and a thousand people more or less began to tear up and down the streets.

Somebody asked this good citizen where the fire was.

"Oh, there's no fire."

"What's the alarm ringing for?"

"Oh, they're just taking the census of the fools of the city. Every time the fire bell rings all the fools turn out after the hose wagons, and then they can be counted. Don't you know these Raleigh firemen ain't going to give a fire a chance to do anything."

The citizen's wrath probably made him a little rash and sharp about the fire going people, but he told the truth about the firemen. There was no fire.

A TOUGH CUSTOMER.

A Fellow who had been in the "Pen" Four Times—But Had Registered all the Same—Some Dirty Work.

Mayor Thompson had quite a tough and depraved individual to deal with yesterday. He is a colored man named Squire Parsons. He was arrested on a charge of obtaining goods on false pretenses. When he came up for a hearing and was examined, it was found out that he had been in the penitentiary four times. Further examination developed the fact that he had registered to vote in the coming election. He said that the "registering" business had been managed for him by a negro and a white man. They had told him to "go ahead and register and keep mum about it." He registered in the Second ward and said he lived on Smithfield street; but he couldn't tell where Smithfield street was.

The discovery of these facts subjected Parsons to a charge of perjury, and that being brought against him, he was tried on that charge, and bound over to court in a justified bond of \$300. He is now in jail.

The Soldiers' Home.

This noble institution is rapidly being put into readiness. A fine cook has been employed, and was installed in his office yesterday.

Such household furniture, &c., as has been sent in is being put in position, and an air of comfort is being made to pervade the premises.

Mr. W. C. Stronach, secretary, says that more bedding and furniture, &c., are needed. Anything of this nature will be acceptable. If people who can make such contributions cannot send them in, the secretary will send for them if notified.

Keep this matter in mind, and when you see any useful article you can spare, please either send it in, or notify the secretary that you will give it.

A Show of Fine Horses.

Fairview Farm, Capt. B. P. Williamson proprietor, has entered twenty five horses for the various premiums at the coming State fair. They will be as fine and as magnificent a show of live stock as will be seen at any fair in this whole country this year.

The streets of Exchange Place were jammed full of cotton for an hour or two yesterday. The trade was lively and the staple brought a higher price than was paid in any other inland market in the South. Note this fact down and remember it.

"Jack the Grabber" is at his work again. This time he seized the arm of a young lady who was going home with her mother about 9 o'clock. The ladies screamed and the miscreant fled. This occurred near the corner of East Hargett and Dawson street. Who is the scoundrel?

Mr. J. S. Jones, of Greensboro, is in the city. He is the manager of the Provident Savings Life Assurance Society of New York. He is doing a large business and, in 1889, his company did a new business of nearly twenty millions of dollars. He claims that his company gives insurance at ACTUAL COST and gives satisfaction always.

A FLURRY IN COTTON.

And Local Buyers are Forced to Bull the Market.

There has been a very nervous flurry in the local cotton market for the past two days which resulted in forcing the local buyers to run the market price up to ten cents.

The trouble struck here about eleven o'clock on Wednesday, and it was very evident that there was a short interest somewhere which was doing some tall hustling to get sufficient cotton to meet contracts.

The receipts of cotton were very short on Wednesday and one short interest seemed to want all the cotton. Then another short interest was soon suspected from the strong bidding going on. Both shorts were anxious to get stock, and the result was that cotton was soon selling at ten cents, and that price held during the day.

The people who sold on Wednesday spread the news through the county that cotton was bringing ten cents, and the consequence was a lively rush of the staple into the market yesterday. Over 600 bales were brought in and sold by 12 o'clock, a great deal being bought at ten cents. By this time the local shorts appeared to be becoming easy, and then the price for the staple became a little less stiff.

The "Old Man's" Fine Beef Cattle and Splendid Hogs.

"Old Man" Schwartz, the veteran butcher, will not be caught napping during fair week—not much. He will make a big show of cattle and fine porkers. They may be shown ready for the pot and oven, but they will be on exhibition. Yesterday he received fourteen magnificent Southwest Virginia beef cattle, the average weight of each being eleven hundred pounds, and he also got in twelve of the finest hogs that grow in this whole country. Just watch his market for fine meats.

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. John Y. MacRae druggist.

Why is the DAILY CHRONICLE the best morning paper in the State? Why are there being so many carpets sold at Swindell's? Why do they carry the largest stock of shoes in town at Swindell's? Why are so many young men in Raleigh buying their clothing at Swindell's this fall? Why is Swindell's dress goods department so popular this fall? THE WORLD'S COMMERCE.

New York, October 9. Messrs.

Hubbard, Price & Company, in their cotton circular to-night say: "A lower opening naturally followed the disappointment felt at the failure of the revision committee to revise the low grades yesterday afternoon, but a good undertone was evident without any concession, and the market slowly advanced, aided by reports of rain in New Orleans and the Atlantic slope. The advance was not fully maintained, as a few tenders pressed upon the near-by positions, causing operators to realize their profits, and the market closed steady in prices. A general disposition is shown at home and abroad to keep close to shore until the bureau report is received to-morrow, and undoubtedly a portion of the advance was caused by the covering of short interest in anticipation of its effect, while the bulls are so few that a chance to accept profits is quickly grasped. Liverpool and Manchester are both good, and we believe, unless crop accounts materially change, that the higher prices must rule."

Receipts at the ports estimated at 35,000 bales, against 33,374 bales last week, and 38,870 bales last year.

The spot market is steady at 1-16 advance; middling uplands 10-3-8; sales 714 bales.
